

## Synthetic Arc Quenching Fuse Tube

Parameter	
Temperature resistance	110°C
Product color	Palegreen、 other colors canbe cust omized
Inner diameter range	6~20mm
Length range	0~1500mm
Surface finish	Canbe processed according to cust omer needs
Mechanical strength	High
Quality certification	ROHS

  

number	Test item	unit	requirement	Remarks
1	Density	g/cm3	$\geq 1.70$	
2	24h Water absorption	%	$\leq 6$	
3	Power frequency withstand voltage test	Mpa	$\geq 80$	
4	Explosion intensity	Mpa	$\geq 160$	
5	tensile strength	Mpa	$\geq 90$	
6	Type of experiment: (200A 16KA 1, mode 2) polymer melt pipe can open more than 5 times, very little consumption
